Art Unit: 1651

The application should be reviewed for errors and conformity with domestic practice.

The amendment filed 1/12/04 is acknowledged. Claims 1, 7-9,14-19 and 23-24 are being considered on the merits.

To conform with standard practice and for the sake of clarity, dependent claims should be amended to start with --The--.

Claims 20 and 21 are withdrawn from consideration as directed to a non-elected invention.

This application contains claims 20 and 21 drawn to an invention nonelected with traverse on August 4, 2003. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

The rejection under 35 U.S.C § 112, first paragraph regarding deposit is withdrawn in view of applicant's averments..

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 23 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The limitations of claim 23 are uncertain, since this multiple dependent claim depends on claims 1 and 7 having different process steps. The metes and bounds of this claim cannot be determined.

Claims 1,7-9,14-19 and 24 are allowable.

No claim is allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period

Art Unit: 1651

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
